Community Bulletin Board Policy

Willits Community Television provides a Bulletin Board as a public service. The purpose of the Bulletin Board is to inform the public about upcoming community events and give information about the services provided by local community organizations.

The WCTV Community Bulletin Board is available at no cost for local organizations, institutions and government agencies to announce and/or publicize their events or programs. In addition, the Community Bulletin Board gives advance notice about upcoming programming on channel 3.

The Bulletin Board runs when other programming is not being cablecast.

Any organization interested in running a message on the Community Bulletin Board should supply the information to Willits Community Television one week before the date they would like the material to appear to ensure that there is time for our volunteers to add their message. Information should be condensed to the essential facts that will fit on one screen of video. (Watch the existing announcements to see the limited amount of text that can be displayed.) If you supply flyers or press releases, be aware that a volunteer will likely have to edit the content significantly to fit the screen and WCTV can't be responsible if your message is shortened or distorted in this process.

Items for the Community Bulletin Board can be mailed to 85 E. Commercial, Willits CA 95490; faxed to 459-2528; emailed to info@willitstv.org; or just dropped through the slot in our door.

RESTRICTIONS:

All activities promoted on the Community Bulletin Board must be available to the general public.

No Advertising—messages must not promote commercial products or services for a “for profit” business.

Religious and Political materials are permissible for special events or activities, but announcements whose purpose is primarily to proselytize for a single point of view rather than provide information upcoming activities will not be accepted.

Other restrictions based on Public Access regulations also apply but are unlikely to affect Community Bulletin Board messages (These involve copyright, obscenity, slander, or the promotion of illegal activities.)

Generally, announcements will be run for 3 weeks or less. Users of the Community Bulletin Board agree not to hold WCTV responsible for mistakes either in wording or in the timing of this free service.
